Can I catch the bus if I'm not at a listed stop?

- Yes! As long as you are along the route, on the correct side of the road (side with passenger door) and it is safe, the driver will stop.

How do I get the driver's attention?

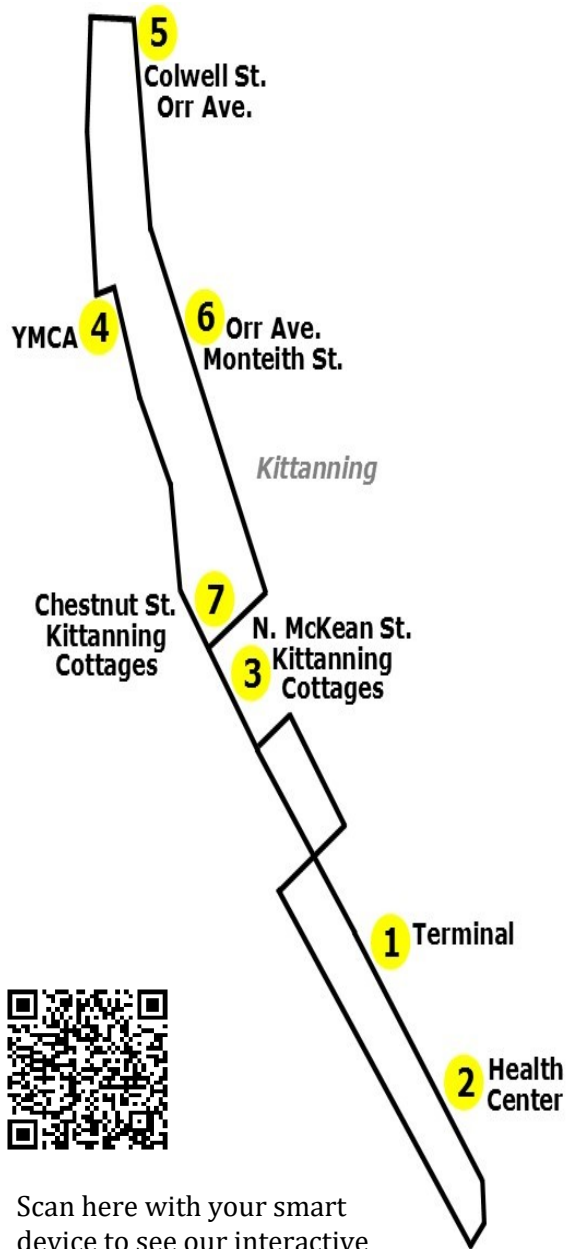

- Try to make eye contact and wave your arms, not just your hand. If it looks like you're saying "hello," the driver may not know you want them to stop!
